These Handies are only
for the purpose of conveying the cut crops from
the threshing floor and they are therefore made
large enough to hold a great load. Generally
3 or 4 pairs of Bullocks are yoked to them
3. - In villages they are not taxed as carts
of Ryots are exempted from the tax
4. - In Municipalities all carts whether of
Ryots or not are taxed. Therefore the Handy
Handies in Harihar, which is a Municipal
Town, are taxed. There are 16 such Handies there
and the tax on them amounts to £32 the
of the Municipal Board are in favor of the
exemption prayed for on the ground that these
Handies are not used all round the year but
only in the harvest season.
5. - If exemption is granted in the case of
Harihar Similar prayers may emanate from
other Municipalities. There may be about 50
or 60 Handies in all the 9 Municipalities
in the District.
